Product name	Picture	Description
EMS Hot and Cold Photon Beauty Instrument		Vibration/Ice Pack/Heating/EMS/Red Blue Phototherapy 1、Vibration cleaning massage 2、Ice lock water 3、EMS tightens pores 4、Warm import 5、Reducing wrinkles
EMS Hot and Cold Photon Beauty Instrument		Vibration/Ice Pack/Heating/EMS/Red Blue Phototherapy 1、Vibration cleaning massage 2、Ice lock water 3、EMS tightens pores 4、Warm import 5、Reducing wrinkles
Ionic Hot and Cold Beauty Instrument		Vibration/Ice Pack/Heating/EMS/Red Blue Phototherapy 1、Makeup removal (massage the headband with a cotton ring to hold the makeup removal cotton) 2、Hot compress, heating up, opening pores for better absorption of nutrients 3、Cold compress, ice compress shrinks pores, locks in nutrients and moisture 4、Vibration, massage the skin with vibration, relieve skin fatigue 5、Red and blue light therapy, enhances absorption, improves skin dullness 6、Ion import and export, beauty and rejuvenation.
Cold and Hot Pulse Beauty Instrument		Mode 1: Cleaning mode (warm+positive ion export+vibration+phototherapy) Mode 2: EMS mode (EMS micro current+vibration+phototherapy) Mode 3: Pulse mode (intermittent pulse+vibration+phototherapy) Mode 4: Ice Pack Mode (Ice Pack+Vibration+Phototherapy) Charging method: USB charging Working time: 5 minutes/time or 2 minutes/time
Cold and Hot Photon Beauty Instrument		1、Makeup removal (massage the headband with a cotton ring to hold the makeup removal cotton) 2、Hot compress, heating up, opening pores for better absorption of nutrients 3、Cold compress, ice compress shrinks pores, locks in nutrients and moisture 4、Vibration, massage the skin with vibration, relieve skin fatigue 5、Red and blue light therapy enhances absorption, improves skin dullness, and rejuvenates the skin

Cold and Hot Beauty Instrument		<ol style="list-style-type: none">1、 Hot compress, open pores, clean skin2、 Cold compress, ice compress shrinks pores, locks in nutrients and moisture3、 Vibration, massage the skin with vibration, relieve skin fatigue4、 Red and blue light therapy, enhancing and improving dull skin5、 EMS, micro current lifts and tightens the skin.6、 Charging method: USB charging (Type-c)

Product name	Picture	Description
Ultrasonic Importer		<p>Mode 1: Ultrasound mode, box selection can adjust strength</p> <p>Mode 2: Cleaning mode, export function, can be used in combination with ultrasound mode and photon mode</p> <p>Mode 3: Import mode, import function, can be used in combination with ultrasound mode and photon mode</p> <p>Mode 4: Photons make the skin rejuvenation, can be combined with other modes for use</p> <p>Mode 5: Soothing massage, can be used in combination with ultrasound mode and photon mode</p>
EMS Warm Beauty Instrument		<p>1、Heating makeup removal (blue light+vibration+temperature adjustment)</p> <p>2、Color light import (6 types of color light+vibration) (red, blue, yellow, green, orange, purple)</p> <p>3、EMS clockwise lifting (blue light+vibration+micro current regulation+temperature heating)</p> <p>4、Eye vibration massage (vibration adjustment+warmth)</p>
Pulse Beauty Instrument		<p>1.MFP intermediate frequency intermittent pulse</p> <p>2.SUP, ultra pulse electroporation to tighten the skin</p> <p>3.EMS, micro current lifting</p> <p>4.LED three types of phototherapy care</p> <p>5.Gear: four gears</p>
Essence introducer		<p>1、Phototherapy care, improve dull skin, brighten and tender skin</p> <p>2、EMS microcurrent activates cells and tightens the skin</p> <p>3、Tepidity helps to open pores and soothe the skin</p> <p>4、High frequency vibration massage for skin, introducing nutrients</p> <p>5、Built in essence bottle, which can be filled with replacement water lotion (3 bottles, bottle capacity 10ML)</p>
Beauty and rejuvenation device		<p>1、Makeup removal (massage the headband with a cotton ring to hold the makeup removal cotton)</p> <p>2、Hot compress, heat up, open pores, warm and moisturize the skin</p> <p>3、Vibration, massage the skin with vibration, relieve skin fatigue</p> <p>4、EMS, micro current promotes muscle movement, tightens and lifts the skin</p> <p>5、Ion, ion strip induced vibration, nutrient introduction</p>
EMS Tepidity Import Instrument		<p>1.Hot compress, heat up, open pores and clean the skin to better absorb nutrients</p> <p>2.Vibration and massage the skin to relieve skin fatigue</p> <p>3.Red and blue light therapy improves dull skin and brightens skin tone.</p> <p>4.EMS micro current lifts and tightens the skin.</p> <p>5. TYPE-C data cable charging for easy portability</p>

Product name	Picture	Description
Radio frequency skin rejuvenation beauty device		<ol style="list-style-type: none"> 1、Deep cleaning (RF15 second intermittent+vibration+positive ion regulation) 2、Moisturizing (RF15 second intermittent+vibration+negative ion regulation) 3、RF wrinkle resistance (RF15 second intermittent+micro current regulation) 4、Phototherapy (RF+red light rejuvenation) 5、Phototherapy (ice compress+blue light anti acne)
Radio frequency skin rejuvenation beauty device		<ol style="list-style-type: none"> 1、Deep cleaning (RF15 second intermittent+vibration+positive ion regulation) 2、Moisturizing (RF15 second intermittent+vibration+negative ion regulation) 3、RF wrinkle resistance (RF15 second intermittent+micro current regulation) 4、Phototherapy (RF+red light rejuvenation) 5、Phototherapy (ice compress+blue light anti acne)
Pulse RF Beauty Instrument		<ol style="list-style-type: none"> 1、MFP intermediate frequency intermittent pulse+UP ultra pulse electroporation polymerization energy skincare 2、RF medium and high frequency waves from internally warm skin: enhancing skin metabolism and elasticity 3、EMS Microcurrent Muscle Movement: 3D Free Head Stereoscopic Lifting and Tightening 4、LED color light: Triple color light, 5 major modes upgraded, double skincare
Slimming device		<ol style="list-style-type: none"> 1、MF-IP interval electric pulse, slimming and shaping 2、EMS, micro current tightening and lifting, improving skin elasticity 3、RF, medium to high frequency waves that warm the skin internally and rejuvenate collagen 4、LED color light care, whitening and rejuvenating skin
Collagen Warehouse		<ol style="list-style-type: none"> 1.Blue light: calms the skin and inhibits the growth of oil acne (wavelength $475 \pm 10\text{nm}$) 2.Yellow light: regulates cell activity, brightens skin tone (wavelength $600 \pm 10\text{nm}$) 3.Red light: Anti wrinkle and anti-aging skin (wavelength $700 \pm 10\text{nm}$) 4.Rose red: Firms the skin, (wavelength $660 \pm 10\text{nm}$) 5.Infrared light: awakens vitality, balances water and oil (wavelength $850 \pm 10\text{nm}$)
Tepidity Ion Eye Beauty Instrument		<p>Ion induced vibration/red and blue light/heating</p> <ol style="list-style-type: none"> 1.Red, blue, and colorful light care, assisting in acne and acne removal care. 2.Mild heating helps to open pores and promote absorption of nutrients 3.High frequency vibration massage relieves tired skin, reduces fine lines around the eyes and lips 4.Four speed adjustment, free switching 5. With screen display and Type-C data cable charging

FARTAI ELECTRONICS CO., LIMITED

Product name	Picture	Description
Cold and hot eye beauty device		<p>High frequency vibration/ice compress/heating</p> <ol style="list-style-type: none"> 1. Ice compress calms the skin, contracts pores, locks in moisture 2. Mild heating helps to open pores and promote absorption of nutrients 3. High frequency vibration massage to relieve fatigue on the skin 4. Type-C charging
Large alloy eye beauty device		<ol style="list-style-type: none"> 1. MF-IP medium frequency electric pulse soothes the skin 2. EMS micro current import mode, tightening and lifting effectively improves skin relaxation 3. RF medium and high frequency waves warm the skin from the inside, enhancing skin elasticity 4. LED red light promotes eye skin circulation and care for eye skin
Lip and Eye Beauty Device		<ol style="list-style-type: none"> 1. Constant temperature heating, eye massage, promoting the absorption of eye cream 2. High frequency micro vibration massage to relieve eye fatigue 3. Red and blue light care, lightening melanin and fine lines 4. Specially designed high-tech ion induction vibration introduction technology 5. The massage head adopts a slanted design, tightly fitting the skin 6. Can care for lips
RF Eye Beauty Device		<ol style="list-style-type: none"> 1. Vibration massage, phototherapy care (blue light + RF + touch vibration) 2. Radio frequency wrinkle removal, phototherapy care (red light + RF + touch vibration) 3. Tepidity import, deep absorption (RF + long vibration)
Small Sharp Knife Eye Beauty Instrument		<ol style="list-style-type: none"> 1. M-FIP intermediate frequency intermittent pulse mode 2. HI-M-FIP Enhanced Intermediate Frequency Intermittent Electric Pulse 3. UP superpulse+EMS muscle exercise+medium to high frequency waves 4. LED red light mode: Any mode can be equipped with phototherapy
Rotary Cleanser Instrument		<ol style="list-style-type: none"> 1. Fiber, bamboo charcoal, and sponge brush heads meet different skin types 2. Dual frequency variable, intelligent rotation, freeing hands 3. Streamlined body, anti slip, exquisite and unique 4. IP65 dustproof and waterproof design 5. 24 small holes on the lid, breathable and moisture wicking, inhibiting bacterial growth

FARTAI ELECTRONICS CO., LIMITED

Product name	Picture	Description
Soundwave Facial Cleanser Instrument		<ol style="list-style-type: none"> 1、 Soft and transparent brush head, deep cleaning brush head, silicone brush head 2、 Double directional high-frequency vibration of the brush head gently massages the skin, promoting blood circulation 3、 One click operation of electric cleaning system, soft and standard mode, meeting different skin cleaning needs 4、 Streamlined body, IP66 dustproof and waterproof design, suitable for use during bathing 5、 Bottom makeup removal function, with a makeup removal temperature of 43 °C&48 °C, helps dissolve makeup
Silicone Clean Instrument		<ol style="list-style-type: none"> 1. Heat at 42 degrees, tepidity and tender skin to absorb 2. Triple color light care: blue light - calming and fading, red light - fading pigments, purple light - brightening and rejuvenating the skin 3. High frequency vibration massage on the skin, soothing the skin(blue light mode) 4. EMS micro current lifts and tightens the skin, reducing fine lines(purple light mode) 5. With a base design, it is placed neatly and aesthetically pleasing. Cleansing and importing all in one machine, skincare expert
EMS Ultrasonic Peeling Instrument		<ol style="list-style-type: none"> 1、 Ultrasound, with a frequency of about 24KHZ, can remove dirt and clean blackheads. 2、 Ion introduction can absorb nutrients from skincare products 3、 EMS, micro current lifts skin and tightens contours 4、 Continuous high-frequency vibration, the blade will generate slight heat 5、 One click operation with four modes.
EMS Ultrasonic Peeling Instrument		<ol style="list-style-type: none"> 1、 Ultrasound, with a frequency of about 24KHZ, can remove dirt and clean blackheads. 2、 Ion introduction can absorb nutrients from skincare products 3、 EMS, micro current lifts skin and tightens contours 4、 Continuous high-frequency vibration, the blade will generate slight heat 5、 The curved design of the body is more in line with the palm of the hand, providing comfortable operation
24K True Gold Beauty Stick		<ol style="list-style-type: none"> 1、 Using nano pure gold 24K technology, approximately 8000 times per minute 2、 High frequency vibration massage, slimming and lifting, tightening the skin 3、 Brass+T-head bottom plated with 24K real gold+imported motor 4、 Charging power supply: 1 No. 5 battery
IPL Hair Removal Device		<ol style="list-style-type: none"> 1、 Five speed adjustment 2、 Safety settings tightly adhere to the skin and emit light 3、 Automatic protection shutdown 4、 500000 emits light 5、 IPL strong pulse light wave 6、 Quartz lamp tube power 36W; Wavelength 510nm~1200nm Australian, American , British and Europe standard

FARTAI ELECTRONICS CO., LIMITED

FARTAI ELECTRONICS CO., LIMITED

Product name	Picture	Description
Shaving Razor Twin-layer blade		Blade: Stainless Steel Injection: Automatic Injection Molding Lubricant strip: Yes Size: 11.5x4cm Weight: 5g Raw material of product: Plastic Customized: OEM Customized
Shaving Razor Triple-layer blade		Blade: Sweden Stainless Steel Injection: Automatic Injection Molding Lubricant strip: Yes Size: 11.8*4cm Weight: 8.5g Raw material of product: Rubber+Plastic Customized: OEM Customized
Shaving Razor One-layer blade		Blade: Sweden Stainless Steel Injection: Automatic Injection Molding Lubricant strip: No Raw material of product: Rubber+Plastic Size: 14.5x4cm Weight: 18g Customized: OEM Customized
Shaving Razor Five-layer blade		Blade: Sweden Stainless Steel Injection: Automatic Injection Molding Lubricant strip: Aloe+Vitamin E Size: 7.5x4.9cm Weight: 12g Raw material of product: Rubber+Plastic Customized: OEM Customized
Shaving Razor Five-layer blade		Blade: Sweden Stainless Steel Injection: Automatic Injection Molding Lubricant strip: Aloe+Vitamin E Raw material of product: Rubber+Plastic Size: 8.5x5.2cm Weight: 14g Customized: OEM Customized
Shaving Razor Five-layer blade		Blade: Sweden Stainless Steel Injection: Automatic Injection Molding Lubricant strip: Aloe+Vitamin E Raw material of product: Rubber+Plastic Size: 13x5.2cm Weight: 20g Customized: OEM Customized
EYEBROW RAZOR		Length of razor 128mm Product material Handle (PCR) Cap (PS) Blade (Stainless steel)

FARTAI ELECTRONICS CO., LIMITED

Product name	Picture	Description
EYEBROW RAZOR		Length of razor 152mm Product material Handle (Zinc alloy) Cap (PP) Blade (Stainless steel)
Biodegradable Eco-friendly Eyebrow Razor		Length of razor 155mm Product material (Bamboo +PP) Blade (Stainless steel)
Shaving Razor One-layer blade		Blade: Sweden Stainless Steel Injection: Automatic Injection Molding Lubricant strip: No Raw material of product: Rubber+Plastic Size: 15x8.2cm Weight: 6g Customized: OEM Customized
Shaving Razor Triple-layer blade		Blade: Sweden Stainless Steel Injection: Automatic Injection Molding Lubricant strip: Yes Raw material of product: PP+TPRS Size: 13.2x4cm Weight: 12g Customized: OEM Customized
Shaving Razor Six-layer blade		Blade: Stainless Steel Injection: Automatic Injection Molding Lubricant strip: Yes Raw material of product: Rubber+Plastic Size: 14.5x4.4cm Weight: 19g Customized: OEM Customized
Shaving Razor Triple-layer blade		Blade: Sweden Stainless Steel Injection: Automatic Injection Molding Lubricant strip: Yes Raw material of product: PP+TPRS Size: 11.7x4cm Weight: 8g Customized: OEM Customized
Shaving Razor Triple-layer blade		Blade: Sweden Stainless Steel Injection: Automatic Injection Molding Lubricant strip: Yes Size: 13.5x4.3cm Weight: 12g Raw material of product: Rubber+Plastic Customized: OEM Customized

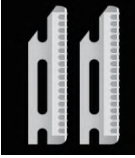

FARTAI ELECTRONICS CO., LIMITED

Product name	Picture	Description
Shaving Razor Five-layer blade		Blade: Sweden Stainless Steel Injection: Automatic Injection Molding Lubricant strip: Yes Raw material of product: Rubber+Zinc alloy Size: 14.7x4.2cm Weight: 45g Customized: OEM Customized
Shaving Razor Five-layer blade		Blade: Sweden Stainless Steel Injection: Automatic Injection Molding Lubricant strip: Yes Raw material of product: Rubber+Plastic Size: 15.5x4.2cm Weight: 72g Customized: OEM Customized
Shaving Razor Five-layer blade		Blade: Sweden Stainless Steel Handle: Solid wood Lubricant strip: Yes Raw material of product: Wood+plastic Size: 15x4.2cm Weight: 16g Customized: OEM Customized
Shaving Razor Five-layer blade		Blade: Sweden Stainless Steel Handle: Solid wood Lubricant strip: Yes Raw material of product: Aluminum alloy+process resin Size: 14x4.2cm Weight: 51g Customized: OEM Customized
Shaving Razor Five-layer blade		Blade: Sweden Stainless Steel Injection: Automatic Injection Molding Lubricant strip: Aloe+Vitamin E Raw material of product: Rubber+Plastic Size: 13.5x5.2cm Weight: 39g Customized: OEM Customized
EYEBROW RAZOR		Length of razor 130mm Product material Handle (PS) Cap (PS) Blade (Stainless steel)
EYEBROW RAZOR		Length of razor 123mm Product material Handle (ABS+TPR) Cap (PP) Blade (Stainless steel)

FARTAI ELECTRONICS CO., LIMITED

Product name	Picture	Description
EYEBROW RAZOR		Length of razor Expand 130mm/ fold 92mm Product material Handle (ABS) Blade (Stainless steel)
EYEBROW RAZOR		Length of razor 115mm Product material Handle (ABS) Cap (PP) Blade (Stainless steel)
EYEBROW RAZOR		Length of razor Expand 142mm/ fold 88mm Product material Handle (ABS) Blade (Stainless steel)
EYEBROW RAZOR		Length of razor 130mm Product material Handle (ABS) Cap (PP) Blade (Stainless steel)
EYEBROW RAZOR		Length of razor 145mm Product material Handle (PS) Cover(PS) Razor Blade (Stainless steel)
EYEBROW RAZOR		Length of razor 132mm Product material Handle (Stainless steel) Cap (PS) Blade (Stainless steel)
EYEBROW RAZOR		Length of razor 152mm Product material Handle (Zinc alloy) Cap (PP) Blade (Stainless steel)

FARTAI ELECTRONICS CO., LIMITED

Product name	Picture	Description
Razor Blade		Product: Double Edge Razor Blade Size: 42.6*22*0.1mm Material: Stainess steel
Razor Blade		Product: 77M Razor Blade Size: 62*16*0.1mm Material: Stainess steel
Razor Blade		Product: Single Edge Razor Blade Size:58*13*0.2mm Material: Stainess steel
Razor Blade		Product: Hair-Styling Razor Blade Size: 56*8mm Material: Stainess steel
Razor Blade		Product: Eyebrow Trimming Blade Size: 30*8.3*0.15mm Material: Stainess Steel
Razor Blade		Product: Eyebrow Trimming Blade Size: 40*10.4*0.15mm Material: Stainess Steel
Razor Blade		Product: Cutting Blade Size: 42.6*20*0.6mm Material: Carbon Steel
Razor Blade		Product: Hook Blade Size: 48*18*0.6mm Material: Carbon Steel OEM/ODM: Available
Razor Blade		Product: Single Edge Blade Size:38.9*19*0.23mm Material: Carbon steel

Sonic Electric Toothbrush		Rated voltage: DC 3.7 V rated power: 1.2 W charging input: DC5V 1A charging power: 2.5 W mode rating: IPX7 rated voltage: 3.7 V Gear: 4 gears (each gear two force adjustment) vibration frequency: 28000-40000 rpm battery capacity: 500 mah charging mode: micro Charging Time: 2 hours Duration: 35 days
Sensor Rechargeable Electric Toothbrush		Rated voltage: DC 3.7 V rated power: 1.2 W charging input: DC5V 1A charging power: 2.5 W mode rating: IPX7 rated voltage: 3.7 V Gear: 5gears (each gear two force adjustment) vibration frequency: 28000-31000 rpm battery capacity: 500 mah charging mode: Inductive charging Charging Time: 8 hours Duration: 35 days
Sensor Rechargeable Electric Toothbrush		Rated voltage: DC 3.7 V rated power: 1.2 W charging input: DC5V 1A charging power: 2.5 W mode rating: IPX7 rated voltage: 3.7 V Gear: 5gears (each gear two force adjustment) vibration frequency: 28000-31000 rpm battery capacity: 500 mah charging mode: Inductive charging Charging Time: 8 hours Duration: 35 days
All-in-one Electric Toothbrush		vibration frequency: 48000 rpm charging input: DC5V 1A waterproof grade: IPX7 function mode: electric toothbrush-whitening+polishing tooth flosser-cleaning+pulse timing function: 2 minutes timer, 30 seconds zoning battery capacity: 1200MAh/ about 90 days charging time: approx. 5 hours motor: maglev water pump: piston pump (pressure-120psi)
Oral irrigator		Charging mode:Type-C cable Cleaning Mode:Pulse/Gentle/Standard/Comfort Pulse frequency:1200-1600 times/minute Water Tank Capacity:160ml Water Pressure:30-90PSI Waterproof rating:IPX7 Charging time:about 3h Battery specification:1500mAh3.7V lithium battery

FARTAI ELECTRONICS CO., LIMITED

Product name	Picture	Description
Smart neck pillow massager		360° rotating massage Simple operation, three-speed heating Three modes can be switched at will Fast charging, long battery life, easy to carry
Smart neck pillow massager		360° rotating massage Simple operation, three-speed heating Three modes can be switched at will Fast charging, long battery life, easy to carry
Waist Massage Cushion		Two modes, artificial human massage Separate heating button, warm feeling and hot compress Type-C charging interface design Fast charging, long battery life, easy to carry
Open Fire Moxibustion Instrument		Four-mode 15-gear strength Red light moxibustion hot compress, 3 temperature TENS pulse, imitating traditional Chinese massage Rechargeable lithium battery, long battery life
Open Fire Moxibustion Instrument		Three gear modes to choose from Button control, easy to use High-precision filtration, smoke-free net enjoyment Rechargeable lithium battery, long battery life
Open Fire Moxibustion Instrument		Three gear modes to choose from Button control, easy to use High-precision filtration, smoke-free net enjoyment Rechargeable lithium battery, long battery life
Smart Eye Massager		9D three-layer airbag cyclic kneading Graphene heating warm eye protection Four modes of one-key operation Long battery life with rechargeable lithium battery

FARTAI ELECTRONICS CO., LIMITED

Product name	Picture	Description
Smart Eye Massager		9D three-layer airbag cyclic kneading Graphene heating warm eye protection Four modes of one-key operation Long battery life with rechargeable lithium battery
Smart Eye Massager		9D three-layer airbag cyclic kneading Graphene heating warm eye protection Four modes of one-key operation Long battery life with rechargeable lithium battery
Smart Tapping Eye Massager		Vibrate acupuncture points, massage acupuncture points Built-in voice broadcast, four modes of one-key operation Visual frame, enjoy a massage while swiping the phone Rechargeable lithium battery, safe, stable and long battery life
Smart Children Eye Massager		Eye protection green light Airbag cyclic kneading Warm and warm eyes Rechargeable lithium battery
Smart kneading eye massager		Artificial hands rubbing and pressing Constant temperature hot compress for eye protection Built-in voice broadcast Four modes of one-key operation
Portable neck massager		Simple design, more convenient operation 4 massage nodes, artificial hand massage, free adjustment Infrared light auxiliary heating, warm compress Removable silicone shoulder strap for easy carrying
Smart neck massager		Six modes, 15 levels of intensity can be adjusted at will TENS pulse, imitating traditional Chinese medicine massage Constant temperature intelligent temperature control Smart remote control, simple operation

FARTAI ELECTRONICS CO., LIMITED

Product name	Picture	Description
Smart neck massager		Six modes, 15 levels of intensity can be adjusted at will TENS pulse, imitating traditional Chinese medicine massage Constant temperature intelligent temperature control Voice broadcast, simple operation
Smart Inflatable Neck Pillow		360° rotating massage Intelligent automatic inflation Two modes of one-key operation, independent heating switch Fast charging, long battery life, easy to carry
Air compression massager		6 modes, 3 strengths, artificial hand airbag compression 360° airbag compression, easily shape the perfect leg curve Three-speed temperature adjustment Honeycomb breathable fabric, strong Velcro
Smart head massager		One-key operation to simulate acupuncture head massage Smart waterproof. easy to use, clean and worry-free Silicone contacts, 84 contacts are more comfortable Ergonomic fit and comfortable grip
Smart head massager		One-key operation to simulate acupuncture head massage Smart waterproof. easy to use, clean and worry-free Silicone contacts, 84 contacts are more comfortable Ergonomic fit and comfortable grip
Smart head massager		One-key operation to simulate acupuncture head massage Smart waterproof. easy to use, clean and worry-free Silicone contacts, 84 contacts are more comfortable Ergonomic fit and comfortable grip
Smart head massager		5 vibration modes, one-key operation to adjust Small and light, enjoy wireless massage Elastic silicone massage head Safe, stable and long battery life
Deep muscle tissue fascia device		Six velocity modes Five professional massage heads Brushless motor intelligent noise reduction Long battery life, safe and stable

FARTAI ELECTRONICS CO., LIMITED

Product name	Picture	Description
Deep muscle tissue fascia device		Six velocity modes Six professional massage heads Brushless motor intelligent noise reduction Long battery life, safe and stable
Intelligent warm palace belt		3 vibration modes can be selected according to individual Carbon fiber heating three temperature Use LED indicator to display, buzzer prompt Powered by large capacity lithium battery, rechargeable
Smart hand massager		Three intensity levels in three modes Three-speed timing two-speed heating Type-C charging interface design Fast charging, long battery life, easy to carry
Knee massager		LED light touch screen is easy to operate Vibration massage relieves knee pressure Constant temperature hot compress Safe, stable and long battery life
Lumbar massager		Shake the waist by changing the vibration frequency Band infrared laser energy divergence Auxiliary board increases tensile strength Warm feeling hot compress to expel cold and dampness
Pulse lumbar spine massager		Shake the waist by changing the vibration frequency Band infrared laser energy divergence Auxiliary board increases tensile strength Warm feeling hot compress to expel cold and dampness

FARTAI ELECTRONICS CO., LIMITED

Product name	Picture	Description
Smart car air purifier		<p>Features: remove bacteria, harmful chemicals and PM2.5 in the air; built-in UVC lamp, dual sterilization effect; copper ion, HEPA composite filter element, filter harmful substances and PM2.5; real-time monitoring of PM2.5, intelligent adjustment Air volume; the scented tablets can be used repeatedly to customize different aromatherapy flavors.</p>
Desktop air purifier		<p>Features: remove bacteria, harmful chemicals and PM2.5 in the air; built-in UVC lamp, dual sterilization effect; the scented tablets can be used repeatedly to customize different aromatherapy flavors.</p>
Ozone Sanitizer		<p>With a simple design that is easy and convenient to use, Sleep8 is one of the fastest, most complete CPAP sanitizers on the market. Sleep8 is portable, virtually silent, and effective in killing bacteria and germs that can build up in CPAP equipment. Best of all, Sleep8 is universally compatible with all CPAP and BiPAP masks, tubing, and machines.</p>
